LIEUT. SAM TYSON IS MISSING IN ACTION

Lieut. James Samuel Tyson, Bombardier, United States Army Air Corps, based in England, is missing in action since February 13th, according to a telegram from the Secretary of War as transmitted by General Ulio, the Adjutant General of the Army.

The telegram was received in Cameron late Saturday from the War Department in Washington, by the parents, Mr. and Mrs. Dan Tyson.

Lieut. Tyson left the states in November for his base in England. In a letter to his parents he detailed as thoroughly as military security would permit, his thrilling flight across to join the American fighters of the air.

The telegram announcing that Lt. Tyson is missing in Action gave the date as February 13. A letter dated February 12th was received by his parents. In this letter he sent his usual message of cheer, disclosing his enthusiasm for the job ahead. Dr. W. M. Avent, now a Captain and Flight Surgeon for the Squadron to which Lt. Tyson was attached and Lt. Tyson were closely associated at their air base in England. Dr. Avent was with the Newton Hospital and Clinic before volunteering for service.

Lt. Tyson was home in late October and had won the coveted Commission and wings of the Bombardier. He was at that time stationed at the Army Air Base at Harvard, Nebraska, and was member of a combat unit made ready for overseas duty. He left the base in November for the theatre of operations. For the limited time he had been in England he had made more than the usual combat missions over the enemy lines. The telegram announcing he is missing in Action said his ship was lost over France.

Lt. Tyson operated aboard a Boeing B-17 flying fortress. He won his wings as a Bombardier at Victoryville, Calif., and was Commissioned. Prior to completing his work he had trained in a number of air fields and was assigned to duty at Moses Lake, Washington and later at the Harvard base in Nebraska.

Born and reared in Cameron, he is the only son of Mr. and Mrs. Dan Tyson. After graduation from Yoe High School he went to Southwestern University. Preferring the Air Corps he demonstrated his merit and was highly commended for his work by his commanding officers when he became a Bombardier.

Dan Tyson, the father, is City Secretary and Treasurer.

The parents will be notified as soon as additional details are available.

Airmen shot down over Germany or occupied territory and made prisoners are listed with the International Red Cross and the information is relayed through neutral countries to the government and in turn the information is sent to the next of kin. The shocking news was tempered somewhat with the prospect and hope the crew of the great ship may have made a forced landing or bailed out to safety.

Lt. and Mrs. William S. Brown who have been living at Camp Edwards, Mass., are now at Columbus, Ga., where he is stationed at present. Mrs. Brown is the former Ruth Kemp before her marriage, and will be at 943 Blanford Avenue, Columbus, Ga. She is the daughter of Judge and Mrs. Jeff T. Kemp, and is now nearer home than she has lived for some time.

DAN LUNSFORD WINS CITY MARSHAL RACE

Dan Lunsford, City Marshal, was nominated for his first elective term in the office Tuesday when he defeated Joe Richter 53 votes in the run off Primary election in which 881 votes were polled.

Mr. Lunsford in a statement to the people Wednesday expressed his thanks and asked for the co-operation of all the people in his duty to enforce the laws of the city.

Under the law as the government operates the Marshal is authorized to name his deputy. Mr. Lunsford said he would exercise great care in the selection of his deputy and will give the city a new deal in law enforcement as he promised.

The following is the vote tabulation:

Lunsford 467

Richter 414

Mr. Lunsford was appointed City Marshal by the Council to serve out the unexpired term of the late Gene Smith and was a candidate for his first elective term. He was chief deputy under Mr. Smith and had been a member of the city policing force for a number of years prior to his appointment by Smith.

The new term will begin on the first Tuesday in April or when the votes are canvassed by the Council after the general election on April 4th.

MRS. NILA FAYE GUESS BURIED HERE MONDAY

Mrs. Nila Faye Guess, 22, died in the Newton Memorial Hospital, at 7 p. m. Sunday, February 27, 1944, from a heart ailment.

Mrs. Guess, the former Miss Nila Faye Allen, had been critically ill for about one month and was recently taken to the hospital here for treatment.

Clifford Guess, the husband, is in the United States Navy and has been stationed at the naval base in Corpus Christi for several months as an instructor. He is in Cameron and has been here for several days.

Funeral services were held at 4 p. m. Monday, February 28, 1944, from First Baptist Church with Rev. C. W. Sanders, Pastor, conducting the services. Interment was made in Oak Hill Cemetery.

Clifford Guess and wife were both graduates of Yoe High School. They were married on December 22, 1942, and made their home in Corpus Christi. He is the son of Mr. and Mrs. A. F. Guess who now live in Louisiana. Mrs. Guess was the daughter of Mr. and Mrs. Homer Allen of Ad Hall and was born and reared here.

Surviving besides the husband and parents are one sister, Mrs. B. M. Clark of Corpus Christi.

HELSINKI ROCKED BY 600 SOVIET BOMBERS

Helsinki, capital of Finland has been devastated by 600 Russian bomber planes in a vicious attack which, according to information Monday may still be in progress.

The attack on the Finnish capital was taken as a possible indication the Reds are impatient with the delay of Finland in reaching an agreement to bring peace.

The attack may be a beginning to knock the tiny country out of the war. There are reported to be 10 German divisions in Finland.

According to information reaching Daily Herald many casualties resulted from the attack and panic rocked the capital. A land attack on Finland may follow, it was believed.

Advanced Bombardier

LIEUT. EDGAR M. ALLDAY

LT. EDGAR M. ALLDAY ADVANCED BOMBARDIER

Midland, Texas, Feb. 25.—Completing an intensive six weeks course in the latest bombing tactics and advanced bombardier instruction techniques, Lt. Edgar M. Allday, of Cameron, today was graduated from the Central Bombardier Instructors School at this headquarters field of the nation's bombardier training program. He is the son of Mr. and Mrs. William A. Allday of Rockdale. His wife, Mrs. Virginia R. Allday resides in Midland, Texas.

The Central Instructors School serves as a "refresher" for the professors of Axis blasting. But its training goes far beyond that covered in combat bombardier schools. The techniques it teaches are the latest, and in addition to intelligence reports from the combat zones, it receives a constant flow of combat veterans who provide first-hand knowledge of how to blow the enemy off the map.

The four-fold purpose of the bombardier school is (1) to standardize instruction at all Army Air Forces bombardier schools; (2) to advance the quality of instruction and administration; (3) to bring the first instructors to a centralized point where they may pool and pass on their knowledge; and (4) to establish a "proving ground" for new and experimental training methods and techniques.

Everything that could possibly improve the advanced work of the bombardier is included in the curriculum at the instructors school. Bombs and bombights, of course, get a thorough going over and in addition there are courses in navigation meteorology, target identification, instrument calibration and maintenance, armament, automatic pilot and many other subjects listed as "secret."

The professors of destruction also learn to teach their deadly art during their training here getting schooling in rating procedure, methods and techniques, and classroom discipline; learning to develop methods in the classroom and then to test them in action, in high flying "laboratories."

When they complete the course at this instructors school, they are, according to Army Air Forces officials, "the most thoroughly trained bombardiers in the world."

Axis Taking Over Argentine Government

The government in Argentina was pro-Axis Friday said a report heard by the Daily Herald.

President Ramirez was forced to leave office under armed threat, it was said, and a new President and Vice President, both opposed to a break with Germany and Japan, were put in office.

Indications were there would be no break with the Axis and that the government in the Argentine appeared to be against collaboration with the United Nations.

CAPT. HILLIARD S. THOMAS

CAPT. HILLIARD THOMAS TRAINS FINANCE UNITS

Capt. Hilliard S. Thomas, Finance Department, United States Army, who spent a year in Iceland with the first units of American occupation forces, has just received promotion in rank in recognition of outstanding service in building personnel for finance units of the army.

Capt. Thomas is the son of Mr. and Mrs. Rush A. Thomas of Cameron, a graduate of Yoe High School. He was Valedictorian of the Senior class of 1935. He attended the University of Texas in Austin and Administration in 1933. While he was a member of the staff of the Texas Warrent Company in Austin, an affiliate of the Central National Bank in Cameron. He served in this responsible place from 1935 to 1941.

In March 1941 Capt. Thomas, like many American boys, thinking war a remote possibility and desiring to get behind him the one year of military training required under the recently enacted National Selective Service Act, enlisted in the infantry of the Army, a private. Without letters of recommendation of any kind and after six weeks of basic military training his revealing questionnaire led to his assignment to the Finance Department, the army's bank.

During the next four months, Capt. Thomas not only mastered the finance system of the Army bank, but graduated from the Army's Baltimore Correspondence School.

In September of 1941 he was sent to Iceland with the first military units to pioneer the defenses of the North Atlantic. He was a member of Headquarters Finance Unit. His progress was rapid and promotions came with opportunity. In September 1942, after a year on the fringes of the Arctic Circle, then a Staff Sergeant, he was given Iceland's first appointment to Officers Candidate Training School at Duke University at Durham, North Carolina.

In December of that year, Capt. Thomas was graduated three weeks ahead of his class of 115 and commissioned a Second Lieutenant. He was then assigned to teach in Duke University's Officer Candidate Training School. After a year of making officers and training future personnel for finance units of the Army, now world wide, he was promoted to rank of First Lieutenant and assigned to duty at Fort Benjamin Harrison, near Indianapolis, Indiana, and now directs the teaching staff in the army school.

Army promotions just announced by the Associated Press from Washington, disclosed that Capt. Thomas has been elevated to his present rank. Thus he has risen from the ranks to become an important factor in the expanding business department of the army. To Capt. Thomas and all of our boys who began at the bottom and proved themselves worthy of their heritage and too often without much glory, we salute with pride.

ADMIRALTY ISLANDS INVASION ANNOUNCED

American troops invaded the Admiralty islands in the southwest Pacific yesterday, outflanking the crumbling Japanese fortress of Rabaul.

Big Momote airdrome on Los Negros island was quickly seized from the surprised Japanese who put up only weak resistance and were quickly overpowered. The field, heavily raided by American bombers a month ago, had been well repaired and was in such good condition it can be soon turned to use against remaining enemy bases around the Bismarck sea.

Some 50,000 Japanese troops are now enclosed, Allied headquarters said.

The surprise strike by the dismounted First Cavalry was made under the personal direction of General Douglas MacArthur, who rode a warship with the invasion forces.

It was one of MacArthur's favored encircling moves, with a double edge. It put American forces on either flank of Rabaul, 380 miles to the southeast and severed Japanese supply lines from Truk to northwest New Guinea.

Madang and Wewak, the two major bases still held by the enemy on the northeast shore of New Guinea, are 225 miles to the south and southeast. Australians are pressing toward Madang from the south and Americans from the east.

Defending ground forces on the Admiralties were left to fend for themselves. They received no aid from bomb-battered airdromes, which have seldom ever defended themselves recently, nor from Japanese naval units which American forces have been hunting for months.

GUAM IS HIT BY U S BOMBERS IN PACIFIC

American striking power in the Pacific had reached out to blast the Japs on Guam, tiny island where Marines in 1941 held out so long against the invaders.

Growing ever closer the Americans were bringing threat to the Japanese main land and a hurried cabinet meeting was held in Tokyo at which the war lords discussed problems of handling the civilian population.

The unending chain of Japanese reverses in the Pacific have made the Japs jittery. They are without a single victory since the sneak attack on Pearl Harbor. In the twin attacks a total of 135 Jap planes were shot down.

Meanwhile Americans were thundering deep into Germany in a stepped up air attack on the Reich. The Germans were taking an increasing toll of American bombers. They have shot down 165 bombers in five days and the Americans have destroyed 510 German planes.

Home Nurse Class By Red Cross to Begin March 7

Starting Tuesday, March 7, a Red Cross Home Nursing class will be taught by Mrs. Grady Stidham. The class will meet on Tuesday and Thursday of each week for six weeks. The meeting place will be the Home Economics room in the Gymnasium of Yoe High School and the hours are from 2:00 p. m. till 4 p. m.

Mrs. Stidham has just returned from a two days conference in Austin where a Red Cross instructor gave a refresher course in Home Nursing.

The purpose of the course is to give training to those who are interested in the care of the sick in their own home.

The Red Cross feels that this is especially vital now since so many doctors and nurses are in the Armed Forces.

Since the class is limited to twenty-four all interested are urged to call the local health unit, 726 and enroll at once.

F. G. Blake is reported to be resting nicely at the Newton Memorial Hospital.

Mildred Cryer, daughter of Mr. and Mrs. J. A. Cryer of Cameron, returned home Thursday following an appendicitis operation in Newton Memorial Hospital. She is reported doing nicely.

Grady Gill, Father Of 3 Passes Army Physical; Is Ready

A pre-Pearl Harbor father, Grady Gill, returned Friday from San Antonio where he passed his physical for military duty and has selected the army.

"I passed every test they gave," said Gill, father of three children, "I am glad too, because I feel I have more to fight for than a single man. I figure those boys over there are needing me and many more like me and I sure want to do my share."

Gill declined to exercise an option to get in war work. He thinks it is alright for men to produce but combat is the greater satisfaction in this war. "I'll be ready when they call," said Gill, beaming with satisfaction he was found fit to wear the American uniform.

FEBRUARY IN HISTORY

February 25, 1913—Income tax amendment proclaimed as the sixteenth amendment of the United Constitution.

Sgt. Kenneth Rogers and wife, have been visiting his father, Wm. R. Rogers here for several days. Sgt. Rogers is stationed at Camp Haan, near Riverside, Calif. Mrs. Rogers' other son, Reed, who has been in Alaska for nearly two years, has received a recent promotion and is Chief officer at the Dispensary Kodiak Office, Alaska.

U S BOMBERS BLAST AWAY DESPITE LOSS

While American heavy bombers continued their systematic destruction of Germany's aircraft industry yesterday, and Russia's mighty land armies struck Hitler two more telling blows with the capture of Dno—last Nazi stronghold east of Pskov, gateway to the Baltics and Rogachev on the White Russian front.

Principal targets of yesterday's assaults by Britain-based U. S. bombers were Messerschmitt factories at Gotha and ball-bearing works at Schweinfurt, both in the heart of Germany. It was the fifth straight day of the terrific pre-invasion bombing aimed at reducing the Nazi air fleet to impotency. In addition, 256 Marauder medium bombers pounded Nazi air fields at three widely-separated points in Holland—perhaps the home nests of fleets of enemy bombers that had attacked London for six nights running.

Again whip-sawing the Nazis, Flying Fortresses of the Mediterranean command flew up to give a plane parts and ball-bearing plant at Steyr, Austria, its second bath of bombs in as many days. First reports indicated the Fortresses and their fighter escort shot down at least 29 enemy

planes over Steyr.

Liberators, which attacked the same targets on Wednesday, destroyed 32 German fighters and their escort got another. One returning pilot said yesterday's raid appeared to have left the entire factory zone ablaze.

Premier Stalin employed two orders of the day to announce the capture of Dno and Rogachev. Dno, 69 miles east of Pskov, the Russian leader described as a "powerful strong-point of German defenses," and said it had fallen to Soviet forces that drove through difficult forests and swamps.

Rogachev, on the main highway to Bobruisk and Minsk, capital of White Russia, was won by Red army troops that broke through Nazi defenses on a 21-mile front above Gomel in a new offensive there. A Berlin broadcast claimed German troops had recaptured Rojishche, 11 miles north of Russian-held Lutsk in pre-war Poland. The Soviets never had announced they held Rojishche.

To The People of Cameron

In expressing my sincere thanks to the people for the splendid vote they gave me on Tuesday in the race for City Marshal, I wish also to say I consider this support an expression of confidence which I shall cherish. Although I did not receive the vote necessary for nomination, I hold no ill will toward anyone and have accepted the results of the election as the will of the people.

Should I be able at any time to serve my community I will not hesitate to do so for always in the past I have felt obligated to the people.

To my friends and to those who voted for me I send these thanks and wish to say I will always be grateful for your loyalty.

Facts and Fantasies About Coffee

"MAKES ME NERVOUS"

NONSENSE! Why? Because "it contains caffeine". Sure it does! So do tea and cocoa and cola drinks. Have the same complex about these? Of course not. The fact is coffee gives buoyancy and composure to frayed nerves.

"HABIT FORMING"

NONSENSE—unless of course you mean a good habit, which it is, when it's Admiration Coffee. No one certainly would accuse an innocent chocolate bar of being "habit forming". Yet it contains more theobromine (daddy of caffeine) than a cup of coffee.

"CAUSES INDIGESTION"

NONSENSE! Not of itself. Hospitals regularly serve it because coffee aids digestion. It increases flow of the gastric juices. Poorly made coffee sometimes upsets the stomach. So do poorly fried potatoes.

"KEEPS ME AWAKE"

NONSENSE! The oldest fallacy of all! Coffee simply relieves fatigue, thereby postponing the need for sleep. Pick-up from a cup lasts about two hours. After that you're back where you started—and might as well go to bed, and so to sleep.

Some People Still Believe These Fallacies

But don't blame them. There's a monument to the fellow who ate the first tomato. Until that historic moment the tomato was shunned as "poisonous". Historical misunderstandings and absurd rumors have existed from generation to generation about most of the world's foods and beverages.

The astounding fact is that no reputable scientist

or physician has ever published any evidence to support the countless misunderstandings one hears spoken of coffee. That's because there is none. Coffee—Admiration Coffee, the finest, purest, richest coffee money can buy—sharpens the mind, enlivens the conversation, and increases endurance. Truly Admiration is the beverage of good cheer.

Mr. and Mrs. Lester Glass and Mrs. Betty Cato of Cameron are visiting in Fort Worth for a few days.

Two Pacific War Vets Here; Enter Naval School

Veterans of more than two years at sea in the Pacific theatre of war, Lee Turner of Abilene, Signalman 2nd Class, Navy, and Joe Bill White, Coxswain, Navy, are in Cameron today on a brief visit.

Both have been selected to attend the Naval Officers training school at Georgetown and will be stationed there for a year or more.

Turner is a guest of White, both having come from sea duty several weeks ago and left San Diego, Calif., for home last week. They will formally register at the Naval school at 8 o'clock Wednesday.

They arrived in Cameron early Tuesday and spent the day. Turner has been in the navy 3 years and White has been in service for more than two years. Both are veterans of the Pacific war. White took part in the operations incident to the invasion of Guadalcanal as early as

August 1942. Both men were in the Naval transport service.

White suffered a slight bullet wound in the landing operations on Guadalcanal. Both men have seen the war in its gravest phase during the tough, critical days of the war in the Pacific.

From where I sit...

by Joe Marsh

Lem Martin's dog went on a rampage last week...killed four of Ed Carey's best hens.

Naturally, Ed was pretty mad. Went around vowing he was going to get his shotgun and blow the blazes out of Lem's dog when he saw him. And Lem says, "Let him try it and I'll blow the blazes out of him. Ought to keep his chickens locked up, anyhow."

But Ed and Lem are really mighty sensible fellows. And the whole thing was settled when Lem invited Ed over for a glass of beer, and they sat around

chatting over the quarrel as if it were a kind of joke.

"Shucks," says Ed, "them hens didn't amount to much no-how." And Lem says: "Just the same I'm bringin' you a barrel o' apples to pay for 'em."

From where I sit, it would be a lot better for the world if folks would settle their arguments peaceful-like—sitting around over a friendly glass of beer—instead of going off half-cocked, and making mountains out of molehills.

CHRISTIAN SCIENCE SERVICES

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 5.

The Golden Text is: "God created man in his own image, in the image of God created he him; male and female created he them" (Gen. 1.27.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Spirit itself beareth witness with our spirit, that we are the children of God" (Romans 8:15.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In Science man is the off-spring of Spirit. The beautiful, good, and pure constitute his ancestry. . . Spirit is his primitive and ultimate source of being; God is his Father, and Life is the law of his being" (page 63.)

BURMA DEBACLE IS WORST BLOW TO JAPS

Destruction of a force of 8,000 Japanese in the first major Allied victory in Burma climaxes perhaps the costliest month of the war for Japan.

The price was paid not only in ships and planes, but in the flesh and blood of its empire.

The Allies completed campaigns in February that cost the lives of around 35,000 Japanese and isolated 30,000 others on Pacific islands.

Other statistics from the Pacific and Asiatic theatres for the month, though still incomplete, are impressive—165 ships sunk, around 800 planes wiped out and close to 200 barges eliminated.

In a two weeks battle in southwestern Burma, the British announced yesterday, the Japanese "gradually were driven back, hemmed in, split up, hunted and killed. Most with their accustomed tenacity, fought to the death. Some battered and wounded escaped through the jungle to the south. A few surrendered."

Admiral Lord Louis Mountbatten said the victory ended a drive by 8,000 enemy soldiers to cut off advanced British troops driving toward the port of Akyab, and to carry the flag of the Rising Sun into India. A spokesman listed known Japanese dead at 1,500 and wounded at 3,000.

This was the smallest toll of any of the campaigns that ended with Allied victories this month. Fourteen thousand Japanese were killed on the Huon peninsula of New Guinea, 7,000 on nearby western New Britain, 8,100 on Kwajalein atoll and 3,000 on Eniwetok atoll, both in the Marshalls. Seizure of the Green islands isolated Solomons, and the Marshall cam-

paign cut off about 10,000 on Wotje, an estimated 20,000 Japanese in the Maloelap, Mili and Jaluit atolls.

The figures do not include the Japanese lives lost on ships, barges, planes, and in smaller actions, such as those being fought on the three other fronts stretching 500 miles up Western Burma.

Roy Dunlap, son of Mr. and Mrs. F. R. Dunlap, arrived in Cameron Monday for a 15 day furlough. He has been a Radio Technician in England for 14 months, and after visiting here will be stationed at San Antonio. Roy reports that he liked England, but was glad to be home once again. There were 300 other soldiers who came over on the same boat with Roy, and were returning for a furlough visit with relatives and friends.

Mrs. Donna Ball of Rhode Island, enroute to California, is visiting in the home of J. P. Coward and the home of N. Y. Hayes for a few days.

Before entering the Armed Forces he was employed by the North American Aviation, Inc., in Dallas. Pvt. Clifton attended Yee High School.

Pvt. Clifton was inducted into the service on March 24, 1943, at Dallas. He is the son of Mrs. Rosa Clifton of Cameron.

42 PARTY FOR GUEST

Mr. and Mrs. Robert S. Rogers of 703 Avenue of Oaks, Houston, entertained their guest, Mrs. Janie Frazier of Cameron with a forty two party Wednesday evening the occasion being her birthday.

Scarlet geranium clusters intermingled with fern and bright hued daffadills were the flowers used for the decorations. The tallies and candies were carried out on the Valentine colors.

Guests for the evening included, Mr. and Mrs. John Doughty, Mrs. Helen McKinney, John Opsal, Jr., Mr. and Mrs. B. H. Eagin, Mrs. Janie Frazier, Mrs. G. Burdick, Mr. and Mrs. John H. Hooker, Mr. and Mrs. Robert S. Rogers and son Frankie Jewel.

STALIN SAYS HITLER DOOMED TO DISASTER

Joseph Stalin, dictator of Soviet Russia, in a special message to the Republics Tuesday announced the capture of Kirovsk Rog, last remaining German stronghold on the great Dneiper river.

In commenting upon the capture which was upon the date of the observation of the anniversary of the Red Army, Stalin said that Germany is doomed to disaster and that the time is at hand when the Nazi and their leader Hitler will pay for the crimes they have committed on Russian soil and in other occupied countries.

Stalin said that the Germans have attempted to bring about strife among Allied leaders but have failed; that there is complete unity and the Allies will soon bring to bear the weight of their arms as the final factor in destroying the Germans.

The might of American air power was chiefly responsible for the new and current destruction being wrought among German factories. The Americans took the heaviest loss in big bombers since the Schweinfurt raid when 41 of their number were shot down.

From the Rome beach head came the report that new and more violent battles are in prospect there because the Germans have moved up reinforcements and are apparently determined to give all in an effort to throw the Americans back into the sea.

Diminishing Jap air power was losing for the Nips all the fringe of their conquered Pacific empire.

Sgt. and Mrs. Storey Parents of Twins; Father Attu Hero

Friends here are congratulating Staff Sgt. and Mrs. Seely M. Storey of 1129 Busby Street, Shreveport, La., on a blessed event which finds them the parents of twins, a boy and a girl.

The baby girl has been named Lyndia Dianne and the baby boy has been named Lynn Darrell, the boy weighed 6 pounds and 13 ounces and the girl weighed 6 pounds and 12 ounces.

Mrs. Storey is the former Miss Helen Vaughan of Cameron. They were married here shortly after Sgt. Storey returned home from an Air Corps assignment in the Alaskan theatre of war.

Sgt. Storey, winner of the coveted Air Medal, was decorated for courageous action over the Island of Attu in the Aleutians. He was a gunner aboard a B-25 Marauder bomber that set out on a perilous flight to attack Jap cargo ships in the bay off Attu.

As the Marauder came in over the target a Jap shell tore open the belly of the plane and Sgt. Storey narrowly escaped death. The ship was sunk and the crew of the ship were cited and Sgt. Storey was decorated.

He is the son of Mr. and Mrs. Bill Storey of Cameron. After his transfer from Alaska, Sgt. Storey reported to an air base in Florida and is now in Shreveport, La., as an instructor, much of his battle experience back on the dangerous air trails of the Aleutians.

Mr. and Mrs. H. W. Shaw of Val Verde were Cameron visitors Thursday.

The Bank for YOU

When we say this is the bank for you we do so because we know what your needs demand in these days of revolutionary business change.

The record of this bank is impressive. Its strength makes it unique among Texas banks and its service to its patrons through the years has built a tradition of which we are proud and our friends cherish.

CITIZENS NATIONAL BANK

In wars of the past, disease and infection have been the chief killers. Bullets have taken an insignificant toll of human life by comparison. Today, we are hearing a different

story of magnificent achievements in the medical and scientific fields which reduce casualties to a mere fraction of their number in the past, developments that assure millions, who would have otherwise died, the right to live!

To The People of Cameron

This is to express my deep thanks for your vote on Tuesday resulting in my nomination for City Marshal.

To each one who voted for me I wish to extend my sincere appreciation and gratitude and to those who voted for my opponent I have only good will and the kindest of feelings. To all the people I pledge my best efforts to serve them as City Marshal in the manner in which I have already indicated, strict attention to duty and a new deal in law enforcement.

I ask the co-operation of all the people so that we may be able to accomplish much in the way of right service to all.

The confidence you express in me in nominating me is deeply appreciated. I trust you will not be disappointed in my service in the office.

DAN LUNSFORD,
City Marshal.

Scout Troops Will Collect Waste Paper Beginning March 6th

The Scouts, three troops, have agreed for each troop to call on each business house two days each week, after school, beginning next Monday, to pick up the waste paper for the war effort.

If our boys can have their eyes shot out, their limbs and head shot off, it is certainly not too much trouble for us to co-operate with the Scouts, the men of tomorrow, by separating the trash and filth from the clean paper and corrugated boxes, the stuff our government is begging for, so the boys can do their part in the least amount of time possible towards winning a war none of us want.

May I ask every citizen to be thoughtful in this work, which I know you will be, by being united, as one, for only one great cause, the privilege of continuing as a free people in a free country.

CAPT. THOMAS YAEGER TALKS TO ROTARY

Capt. Thomas Yaeger, United States Army Air Corps, a veteran of the early days in South Pacific, was guest of the Rotary Club Wednesday.

Capt. Yaeger has just returned to the United States after 2 years in the Pacific. Shortly after Pearl Harbor he was assigned to duty in Hawaii, later going to New Zealand and from this and other bases took part in 24 bombing missions besides a great number of other flights and patrol duty.

He detailed a flight operation from the briefing room to laying the bombs on the target. Capt. Yaeger, son of Mr. and Mrs. E. B. Yaeger of Jones Prairie, was a bit too modest. He refrained from any mention of his own exploits for which he has received the coveted air medal and a number of Oak Leaf clusters.

Capt. Yaeger was one of the early arrivals in the air force of the Pacific and therefore lived through the peril of beginning. Recently he has been flying officer personnel due to his ability as a pilot.

It was understood he had been assigned to duty in Florida and may report there within a short time.

Mrs. Dorothy Bell Mitcham and small daughter, Helen Louise, are visiting Mr. and Mrs. Ples Moore in Fort Worth for a few days.

Have a Coca-Cola = Hallo, Bracie (HELLO, BROTHER)

... a way to say "Pardner" to a visiting Pole

When a Polish flyer says *Hallo, Bracie*, he greets you as a brother. The American host means the same thing when he says *Have a "Coke"*, whether he offers it away from home or at home from his own family refrigerator. Everywhere the enjoyment of Coca-Cola is the pleasant expression of friendly comradeship. Around the world, Coca-Cola stands for the pause that refreshes,—has become the global high-sign of the kind-hearted.

RED CROSS NURSING SCHOOL OPENS MARCH 7

There are still a few vacancies in the class of Red Cross Nursing to be taught by Mrs. Grady Stidham starting March 7, 1944. Those who have not yet enrolled and are interested in taking the course are urged to call the local health unit, at 726, and enroll at once.

Since there are a number of mothers who are interested in taking the course but have no one with whom to leave their children, there will be a nursery and play room operated by the Home Economics Department under the supervision of Miss Irene Hollins.

The purpose of the course is to give training in caring for illness in your own home. Of course everyone is interested but in this time of National emergency, we feel that it is especially important.

Classes will meet in the Home Economic rooms in Yoe High School Gym on Tuesday and Thursday of each

week from 2:00 until 4:00.
The course will last six weeks.

CARD OF THANKS

We wish to express our sincere gratitude to our friends and neighbors who came to assist us during the illness and at the death of our dear wife, daughter and sister, Mrs. Nila Faye Guess. Scouts Getting Job Done With Paper For War; Waste Piles Up

The Boy Scouts are doing a typically good job with the waste paper campaign for the war effort.

The tonnage is piling up fast. Already one large shipment has been made. Another will be ready soon. The Herald is contributing a ton of old copies accumulated in the files over a period of time. In all the Herald has given three tons of paper to the pile. This paper if in printing condition would be worth \$240.
